

Create Custom Metal Parts with Ease

FFF Metal 3D Printing Course

Only 10 Spots Available!

Register early to get the lowest price

Getting Started Bundle Included!

Course Pricing:

Through Jan 14: \$1750
Jan 15 - Jan 31: \$1950
Feb 1 - Feb 15: \$2150

- ★ Seven sessions of in-person (via zoom) personal instruction from the people who invented Filamet™
- ★ A deep dive into each step of the FFF Metal process
- ★ Free support between sessions

Plus, all the materials you'll need to do hands-on work with your own metal parts!

courses.thevirtualfoundry.com

To get the most out of the course, you should already:

- ★ Have an FFF 3D Printer (Creality, gMax, Prusa, etc.)
- ★ Be able to 3D print plastic
- ★ Know how to work your slicer
- ★ Have a kiln (but if you don't, sintering services will be provided)

Course sessions begin February 16

- ★ Democratized Manufacturing
- ★ Be your own supply chain
- ★ Independent Metal

The Virtual Foundry

FFF Metal 3D Printing Course

Course Syllabus

Session 1	Welcome and Intro to Design for Additive Manufacturing	Understand the part parameters that work best for FFF Metal	Thursday February 16 60 minutes
Session 2	3D Printing with metal filaments	Learn the ins and outs of the metal 3D printing process with emphasis on slicing parameters	Thursday March 2 60 minutes
Session 3	Debinding metal printed parts	Learn the finer points of packing your print and what actually happens during debind	Thursday March 16 60 minutes
Session 4	Sintering metal printed parts	Understand how to pack your print and how to influence your part's density	Thursday March 30 60 minutes
Session 5	Finishing metal printed parts	Learn different techniques for cleaning your sintered part from basic to fine polish	Thursday April 13 60 minutes
Session 6	Microwave Sintering	Get the latest on this exciting development in FFF Metal	Thursday April 27 60 minutes
Session 7	Course Wrap Up	Ask any final questions and have an open discussion about your projects and the future of FFF Metal	Thursday May 11 60 minutes

All sessions begin at 11:00am central time, USA
